To Whom It May Concern,

I write in strong support of the Thorpe Green Car Park and Community Fitness project. I recently visited the superb new Core Judo facility on Thorpe Green and saw first-hand the astonishing commitment, drive, and hard work the team had put in to transform the site into a remarkable community asset and centre for community outreach including providing free meals to children who attend classes. Their plans to build upon this work to further transform Thorpe Green and make the most of this community asset will make a real difference to the community, aiming to help reduce anti-social behaviour, build connections across the community and maximise use of the green spaces.

From fitness equipment to suit all levels, a larger car park to facilitate potential park runs as well as ensuring greater disabled access, their vision is to make this site a focal point for the community, inclusive and accessible to all, which will deliver physical and mental health benefits to residents and also drive increased trade for local business. The project is to be commended and I am proud to endorse the application to Your Fund Surrey and to support the plans to deliver these improvements.

I look forward to working with Jonathan Purssey and all his team to deliver these benefits to residents in and around Thorpe Green.

Yours sincerely,

Ben Spencer

Dr Ben Spencer MP
